This letter will serve as confirmation that your research project entitled ***Understand the role of critical thinking in kids in K-12 education with the help of Artificial Intelligence*** has been **approved** by the Institutional Review Board. You may now begin to implement the research as described in the application.

Please note that you may **only** conduct this research exactly in the form it was approved. You must seek specific board approval for any changes in this project. You must also seek reapproval if the project extends beyond the termination date noted below. In addition, if there are any unanticipated adverse reactions or unanticipated events associated with the conduct of this research, you should immediately suspend the project and contact the Office of the Provost for consultation.

The Board wishes you success in the pursuit of your research goals.

Approval Termination: May 15, 2024
